

Team T&J

Team T&J create an open and safe environment where students are encouraged to explore and express their imaginations through the excitement and freedom of live music interaction. Their performance is not about props and a big set - it's about being present and available to ourselves and to one another. They understand that we each have something unique to offer, that we are all connected to the environment and to each other, and that we can work together to make the world a better place.

"The most engaging and interactive performance I have ever seen. Team T & J had all of the kids on their feet singing, dancing, and building confidence. Their enthusiasm made it easy for them to keep the attention and control of all 250 K-7 students. As a teacher, I was thrilled that they included our school-wide themes into their routine. Can't wait to have you back again!" - Wendy Swain, Southlands Elementary
